

Foreman - Bug #24938

Incorrect spelling of an operating systems list im provisioning cloud instances

09/14/2018 09:05 AM - Marek Hulán

Status:	Closed	
Priority:	Normal	
Assignee:	Marek Hulán	
Category:	VM management	
Target version:		
Difficulty:		Fixed in Releases: 1.20.0
Triaged:	No	Found in Releases:
Bugzilla link:	1628488	Red Hat JIRA:
Pull request:	https://github.com/foreman/foreman/pull/6067	

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1628488

Description of problem:

The field name is written as **Operatingsystem** in one word, need to change to **Operating System/**

Version-Release number of selected component (if applicable):

6.4

Steps to Reproduce:

1. Go to Infrastructure > Compute Resources and select a resource.
2. Click the Images tab, and then click New Image.
3. See the Operatingsystem list.

Actual results:

Operatingsyste

Expected results:

Operating System

Additional info:

Works for EC2 resources and openstack, not checked for others. Seems like it is the same for all types of resources.
