Description	
<p>Business need:</p> <p>When altering a class parameter, it would be helpful to review previous actions done to that parameter. Currently there is an audit trail for class parameters, but not a link to relevant changes within the class parameter editor. Having a quick link to review changes will help track what is happening, when, and by whom.</p> <p>Functional Requirements:</p> <p>A link to the form report showing changes made to class parameters for a specific puppet class.</p>
