<b>Pull request:</b>	
<b>Description</b> facts.keys.dup.delete_if {  n  fact_names.map(&.:name).include? n } creates a tremendous overhead on the facts import from the puppet masters, this fix simply takes the code from the original Puppet::Rails::Host. As an example, imports have gone from ~30s to ~200ms <a href="https://github.com/foreman/foreman/pull/615">https://github.com/foreman/foreman/pull/615</a>
