Posted on enhanced searchbar branch feature/248-generalised-searchbar

#3 - 05/16/2010 12:34 PM - Ohad Levy

do we really need this patch? cant we just delete this kind of controllers? as we no longer edit the parameters directly.

#4 - 05/25/2010 09:21 AM - Paul Kelly

- Status changed from Feedback to Closed

The domain parameter controller was only supported to allow searching of the parameters. I guess that this is not critical, and if you do not want it, I should close the ticket. I will do the same for the other parameter types.
