Foreman - Bug #25005

Hosts with no reports widget link generates incorrect search

09/21/2018 10:06 AM - Lukas Zapletal

Status:	Closed			
Priority:	Normal			
Assignee:	Lukas Zapletal			
Category:	Web Interface			
Target version:				
Difficulty:	trivial	**Fixed in Releases:**	1.20.0	
Triaged:	No	**Found in Releases:**		
Bugzilla link:	1631219	**Red Hat JIRA:**		
Pull request:	https://github.com/theforeman/foreman/pull/6082			

Description

Steps to Reproduce:
1.Create some hosts
2.Goto Dashboard
3.Look at "Host Configuration Status for all" component => "hosts with no reports", that should show a number > 0 of not reported hosts

4.Click on "hosts with no reports"

Actual results:
No hosts listed

Expected results:
The same number of hosts indicated in the dashboard "hosts with no reports"

Additional info:
1- The query associated with "hosts with no reports" should be wrong, now the query is as following

'last_report > "30 minutes ago" and not has last_report and status.enabled = true'

should be

'not has last_report and status.enabled = true'
