this could be useful also outside of report templates, I'd say this could go to generic scope, you can take inspiration from
https://github.com/ares/foreman/commit/5f413e658fe4591a6935fe760ad13b01da160fd3 also there's existing ticket
https://projects.theforeman.org/issues/24027
