Foreman - Bug #25423

Add an alphabetized index to top of autogenerated API docs

11/09/2018 11:05 AM - Melanie Corr

Pull request:			

Description

A customer who is a heavy user of the API, and in turn the API docs, has suggested that we add an index at the top of the API docs, similar to that of the language bar, which provides the ability to jump quickly through the API entries.

I think this is a valid request that would enhance the usability of the docs.

Thanks,

Melanie
