Foreman - Bug #25483

Custom boolean facts with false value are not imported

11/16/2018 01:32 PM - Marek Hulán

Status:	Closed		
Priority:	Normal		
Assignee:	Marek Hulán		
Category:	Facts		
Target version:			
Difficulty:		**Fixed in Releases:**	1.21.0
Triaged:	No	**Found in Releases:**	
Bugzilla link:	1650127	**Red Hat JIRA:**	
Pull request:	https://github.com/theforeman/foreman/pull/6253		

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1650127

Description of problem:
Custome Boolean Puppet facts with value False are not on the WebUI, Hammer output or with REST API. Only facts with value True are shown/stored.

Version-Release number of selected component (if applicable):
Satellite 6.4
Puppet 5

How reproducible:
Always

Steps to Reproduce:
In /opt/puppetlabs/puppet/cache/lib/facter

  1. cat temp.rb
     require 'facter'

Facter.add("always_true") do
confine :kernel => "Linux"
setcode do
true
end
end

Facter.add("always_false") do
confine :kernel => "Linux"
setcode do
false
end
end

Actual results:
- False value is not displayed

  1. hammer fact list --search "name=always_true"
     ---------------------|------------|------
HOST	FACT	VALUE
lvmpig03	always_true	true

Expected results:
- False value should be displayed

```
1. hammer fact list --search "name=always_false"
   ---------------------|------------|------
   HOST          | FACT      | VALUE
   ---------------------|------------|------
   lvmpig03 | always_false | false
   lvmpig03 | always_true | true
   ---------------------|------------|------
```
