

Smart Proxy - Feature #25614

Support exposing capabilities and settings

12/04/2018 02:07 AM - Justin Sherrill

Status: Closed	
Priority: Normal	
Assignee: Justin Sherrill	
Category: Core	
Target version:	
Difficulty:	Fixed in Releases: 1.22.0
Triaged: No	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/theforeman/smart-proxy/pull/625 , https://github.com/theforeman/smart-proxy/pull/636 , https://github.com/theforeman/smart-proxy/pull/640 , https://github.com/theforeman/smart-proxy/pull/642	
Description	
On a smart proxy feature listing, we can only get a set of named features, but features can't have optional functionality or provide any other information to the foreman server.

Refs #25614 - Expose settings from the correct layer

Before this change every `expose_setting` would only be read from the plugin config.

This changes makes sure that a provider can expose settings from its own config file. For example, `puppetca` exposes from `puppetca.yml` and `puppetca_http_api` exposes from `puppetca_http_api.yml`.
