

## Foreman - Bug #25652

### Autocomplete path doesn't exist for some resources in filter page

12/09/2018 02:56 PM - Ron Lavi

<b>Description</b> While selecting resource types in the filter's form, no Autocomplete results are shown.  I am trying to replace the autocomplete implementation with React Autocomplete component, I saw that there isn't an API path to some of the resources: <ul style="list-style-type: none"><li>- Auth Source</li><li>- Image</li><li>- Mail Notification</li><li>- Personal access token</li><li>- SSH key</li><li>- logics resource</li></ul> this is what I found on Foreman without plugins + some broken links people mentioned on my PR to replace Form Autocomplete: [[ <a href="https://github.com/foreman/foreman/pull/6142">https://github.com/foreman/foreman/pull/6142</a> ]].
