

Installer - Bug #25909

satellite-installer --upgrade qpidd-config returned 1 instead of one of [0]

01/23/2019 11:07 AM - Evgeni Golov

Status:	Closed	
Priority:	Normal	
Assignee:	Evgeni Golov	
Category:	Foreman modules	
Target version:	1.22.0	
Difficulty:		Fixed in Releases: 1.22.0
Triaged:	Yes	Found in Releases:
Bugzilla link:	1665466	Red Hat JIRA:
Pull request:	https://github.com/theforeman/puppet-qpidd/pull/113 , https://github.com/theforeman/puppet-qpidd/pull/115	

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1665466

Description of problem:

After upgrade from 6.4 I run upgrade once more and hit the following error:

```
1. satellite-installer --upgrade
Resetting puppet server version param...
Upgrading, to monitor the progress on all related services, please do:
foreman-tail | tee upgrade-$(date +%Y-%m-%d-%H%M).log
Upgrade Step: stop_services...

Installing      Done                [100]
Something went wrong! Check the log for ERROR-level output
The full log is at /var/log/foreman-installer/satellite.log
Upgrade failed during the installation phase. Fix the error and re-run the upgrade.
```

it is described also in upstream

<https://community.theforeman.org/t/1-19-1-20-upgrade-fail-add-queue-katello-event-queue-durable-returned-1-instead-of-one-of-0/11982>

it is probably not serious as it does not happen again if you rerun installer one more time and also it does not happen when you restart services first (foreman-maintain service restart) and then run upgrade

attaching installer log

Version-Release number of selected component (if applicable):

6.5 snap 10

satellite-6.5.0-5.beta.el7sat.noarch

foreman-1.20.1.3-1.el7sat.noarch

satellite-installer-6.5.0.3-1.beta.el7sat.noarch

Associated revisions

Revision 7534cd90 - 01/25/2019 11:05 AM - Evgeni Golov

Fixes #25909 - make qpidd.service wait until the port is open

qpidd does not open the ssl-port immediately after starting, but after some initialization happened. Let's make qpidd.service not return until the port is really open, as otherwise actions depending on the service being available might fail

History

#1 - 01/23/2019 11:08 AM - Evgeni Golov

- Project changed from Foreman to Installer

- Subject changed from satellite-installer --upgrade qpidd-config returned 1 instead of one of [0] to satellite-installer --upgrade qpidd-config returned 1 instead of one of [0]
