

## Foreman - Bug #2642

### Build button should be displayed on type change

06/10/2013 12:20 PM - Greg Sutcliffe

<b>Status:</b> Closed

<b>Pull request:</b>	
<b>Description</b>	
<p>With the JS changes to refresh the form with provisioning a host in place (<a href="#">#2641</a>) the Deface override to add a hidden build field is lost when the form is refreshed. We can use <code>@host.type_changed?</code> to display the button in appropriate circumstances, which will also remove the deface dependency from ForemanDiscovery.</p> <p><a href="https://github.com/foreman/foreman/pull/699">https://github.com/foreman/foreman/pull/699</a></p>
