<b>Description</b> Hi there,  since any version i dont get group sync running.  if i create a group with add external user group i get the follwing stack trace.  maybe we can debug this.  greetings  Sven	

#### History

##### #1 - 03/27/2019 09:40 PM - Sven Vogel

- Found in Releases 1.18.0 added

- Found in Releases deleted (1.19.0-RC1, 1.19.0-RC2, 1.19.0-RC3)

##### #2 - 03/28/2019 06:56 AM - Marek Hulán

Double check that none of your user group is linked to itself or there's a cycle, e.g. user group A belongs to B but also B belongs to A. Only recently we added a fix that prevents user to define such cycle.

##### #3 - 03/28/2019 10:57 AM - Sven Vogel

- Team Backlog Daniel added

Hi Marek,

yes there are no double users. what do you mean exactly?

i have a normal group with any testuser...

Do you need more information from LDAP?

Greetings

Sven
