<b>Description</b>		
<p>We are going to need to update the configuration in Satellite 6.5 to remove the PULP_MAX_TASKS_PER_CHILD setting.</p> <p>I'd recommend we remove the setting entirely from the file so customers don't mistakenly un-comment it thinking it will help their situation.</p> <p>This issue serves as a point to remove that setting from puppet-pulp and the other modules that contain it.</p> <p>This is not being fixed in Pulp 3 so after talking to Mike McCune we should just remove it all together, more info can be found in the BZ linked to the issue.</p>
