Foreman - Bug #2686

foreman-config doesn't change boolean settings

Description

The foreman-config script since [#2343](#) doesn't change boolean settings:

```
2.0.0p0 :001 > Setting.find_by_name('signo_sso').value
  Setting Load (0.2ms)  SELECT "settings".* FROM "settings" WHERE "settings"."name" = 'signo_sso'
ORDER BY name LIMIT 1
 => false

$ script/foreman-config -e development -k signo_sso -v true
true

2.0.0p0 :002 > Setting.find_by_name('signo_sso').value
  Setting Load (0.2ms)  SELECT "settings".* FROM "settings" WHERE "settings"."name" = 'signo_sso'
ORDER BY name LIMIT 1
 => false
```

It appears this is due to the interface change on the setting model, where the controller was updated and not this script, which interacts directly with the model.
