Description

If you switch to another language, the dropdown menu under More, then Configuration or Provisioning isn't alphabetised as the order is fixed but the strings are translated.

History

#1 - 06/21/2013 07:03 AM - Dominic Cleal

- Priority changed from Normal to Low

#2 - 07/30/2014 01:22 PM - Dominic Cleal

- Status changed from New to Rejected

No longer applicable as the menus aren't sorted alphabetically, but (in theory) by function.
