<b>Pull request:</b>	<a href="https://github.com/foreman/foreman/pull/6913">https://github.com/foreman/foreman/pull/6913</a>	
<b>Description</b>		
Audited 4.9.0 was released on 18.7.2019. This release changed audited_changes from hash with indifferent access to hash, where keys are strings. This change made all tests which accessed parts of the hash using symbols as keys fail.  Let's bump the version and fix all the breakages it may cause.
