Pull request:		
Description For long puppet classes the tooltip shown in "edit hosts" and "puppet classes" does display the complete puppet class name but the background for the tooltip is to short so the end of the class name is unreadable due to a white text color. Seen in both foreman 1.1 and 1.2. Tried finding the css properties of the tooltip, but couldn't get it to display in Tried to capture the css rules for the hover, but couldn't display it using the inspector.		

History

#1 - 07/04/2013 03:52 AM - Dominic Cleal

- Target version deleted (1.2.1)

#2 - 08/16/2015 07:19 AM - Tomer Brisker

- Description updated

- Status changed from New to Resolved

This bug has been resolved in newer version of Foreman.
