Foreman - Bug #27907

Should be able to disable updating hostgroup from facts

09/23/2019 01:53 PM - Trey Dockendorf

Pull request:	https://github.com/theforeman/foreman/pull/7060		

Description
In my environment we cache the hostgroup fact in files on a system and sometimes need to update the fact in Foreman and then run puppet to update the fact on system. This is currently impossible because the fact uploaded from host will change the hostgroup in Foreman.   This has been observed in Satellite 6.5.z.

Associated revisions

Revision 74c28c17 - 03/05/2020 03:24 PM - Trey Dockendorf

Fixes #27907 - Add update_hostgroups_from_facts setting

Allow hostgroup updates from facts to be disabled via the
update_hostgroups_from_facts setting
