

Foreman - Feature #2799

Ability to repush DHCP settings

07/17/2013 06:36 AM - Adrian Bridgett

Description		
It would be great to be able to repush DHCP settings out. As it uses OMAPI, it's possible (e.g. if someone deletes the lease file) for them to be lost which is a bit of a PITA. This would also fix the problem reported in #748

- Has duplicate Feature #10214: Add 'Sync with DHCP Leases' to the Smart Proxy dropdown added

#10 - 09/14/2015 10:09 AM - Dominic Cleal

- Status changed from New to Duplicate

Thanks for the report. This has now been implemented for Foreman 1.10 via ticket [#2267](#). A new "Rebuild Config" option is available from the host list's Select Action menu, which includes DHCP record rebuilds.
