Foreman - Bug #29006

Network mask shouldn't be required in API docs

02/13/2020 05:16 PM - Oleh Fedorenko

Status:	Closed		
Priority:	Normal

Pull request:	https://github.com/theforeman/foreman/pull/7437		

Description

In UI we do require network mask for IPv4 subnets (which is also autofilled if network prefix is provided), but not for IPv6.

Also, API controller accepts 'cidr' (i.e. prefix) parameter which is not documented.
