Description	
Audit logs for puppet classes and parameter changes not showing up under foreman.url/hosts/hostname/audits	
Everything under Host tab seems to trigger an entry in the audit log (as far as i can tell) - just not when i change puppet classes or their parameter values	
Posted issue on support forum as well: https://community.theforeman.org/t/host-auditing-for-classes-and-parameters/17461
