<b>Description</b> If I set my browser screen resolution to 1400x700, the browser displays a white border at the bottom of the page. In case of 1400x800 there is no white border and everything looks good.  I guess, there is something wrong with the CSS.

Fixes #29139 - fix height of html and body

something that is more visible on the login page, on some resolutions the body doesn't contain the whole page, so a white background is seen.
