

Foreman - Bug #29237

Initial search not displayed on audits page

03/02/2020 12:44 PM - Ondřej Pražák

Status: New	
Priority: Normal	
Assignee:	
Category: Audit Log	
Target version:	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link: 1860882	Red Hat JIRA:
Pull request:	
Description	
Steps to reproduce:	
1) Enter url with search into the browser: https://foreman.example.com/audits?search=host+%3D+my-host.example.com	
2) The audit records are loaded correctly, but the search is not displayed in search bar.	
This bug is a side effect of the fact that we currently add query params to our store. That introduces another source of truth and requires us to keep store in sync with browser. We should leverage react-router and history object instead.
