

## Foreman - Bug #2953

### Hostgroup API id can be name which does not have to be unique

08/21/2013 01:44 PM - Martin Bacovsky

<b>Status:</b> New	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> API	
<b>Target version:</b>

<b>Pull request:</b>	
<b>Description</b>	
In /api/hostgroup/<id> (GET, PUT, DELETE) can be either id or name. Name dos not have to be unique. Label does, but it could contain slash which seems to confuse route evaluation.
