

## Foreman - Bug #2957

### Implement certwatch script for RHEL6

08/22/2013 08:04 AM - Lukas Zapletal

<b>Pull request:</b>	
<b>Description</b>	
<p>There is a simple 'certwatch' utility from crypto-utils package. The checking script is short: /etc/cron.daily/certwatch (example for httpd).</p> <p>We want to implement something similar, but for Foreman and smart-proxy and add a dependency to the SPEC. This way, we can warn users one month in advance via cron.</p>
