<b>Pull request:</b> <a href="https://github.com/foreman/foreman/pull/1748">https://github.com/foreman/foreman/pull/1748</a>	
<b>Description</b> When locale is set to anything but english (tested spanish and french), The filter to list pending certificates is not working anymore.  Steps to reproduce : 1. create a host with pending certificate 2. change language (ex <a href="http://foreman/hosts?locale=es">http://foreman/hosts?locale=es</a> ) 3. list pending certificates with foreman gui => nothing found 4. change back to english (ex <a href="http://foreman/hosts?locale=en">http://foreman/hosts?locale=en</a> ) 5. Verify that pending certificate is present with foreman gui	

#### Associated revisions
