

Foreman - Bug #33514

Toast type in errorToast is incorrect

09/17/2021 06:06 PM - Jeremy Lenz

Status: Closed	
Priority: Normal	
Assignee: Jeremy Lenz	
Category: JavaScript stack	
Target version:	
Difficulty: trivial	Fixed in Releases: 3.0.2, 3.1.0
Triaged: No	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/8783	
Description	
<p>When using API middleware's errorToast option, the action dispatched has a type 'error' which is incorrect. This results in a console warning:</p> <p>Toast notification type 'error' is invalid. Please use one of the following types: success,danger,warning,info,default</p> <p>It transforms the error to the 'danger' type, but still displays the warning. It should be 'danger' from the beginning to avoid the console warning.</p>
