

Installer - Feature #33687

Add a warning to /etc/pulp/settings.py not to hand edit the file

10/12/2021 07:57 PM - William Clark

Status: Closed	
Priority: Normal	
Assignee: William Clark	
Category: Foreman modules	
Target version:	
Difficulty:	Fixed in Releases:
Triaged: No	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/theforeman/puppet-pulpcore/pull/223	
Description	
Some seemingly innocuous configurations present in this file are dependent on external configuration and could lead to a broken setup if modified by a well meaning user	
Also since the file is installer managed, manual changes would be re-written on the next installer run
