Description

Psych > 4 uses safe_load by default, which in turn fails to load fixtures as those are using unsafe classes.
This will be tackled in Rails 6.1 and we should fix the rest, but as easy workaround lets pin it.

Fixes #34212 - pin rdoc < 6.4 to avoid psych dependency

rdoc 6.4+ requires Psych > 4, which breaks with Rails 6.0.

So we need to upgrade Rails and then resolve what needs resolving.
Pinning rdoc for now.
