Description

Facets do not allow passing empty values not to create empty asset in DB, but I believe it is not worth this not working eighter:

host.attributes = { facet_attributes: { facet_association_ids: [] }}

Fixes #34375 - allow passing empty attributes for facets (#9083)

Facets were rejecting empty attributes to not create empty facet.
Originally this was to fix an issue in 5d64eef2cba8e56ad39510c3bd1d724bd52762eb
Tho we want to pass empty attributes to facets that already exists.
We just don't want to create empty ones.
