

Foreman - Bug #3544

Editing an oVirt compute resource allows changing the type, which is unsupported

10/29/2013 09:37 PM - Dominic Cleal

Status: Closed	
Priority: Normal	
Assignee: Joseph Magen	
Category: Compute resources	
Target version: 1.7.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/1476	
Description	
Description of problem: When editing compute resources of certain types (e.g. EC2 and oVirt), the form allows the user to change the CR type to another. This is unsupported on existing CRs as VM UUIDs will change and CR attributes don't get updated properly. Some CR types (e.g. libvirt) correctly have it disabled. This option should be disabled consistently.	
How reproducible: Always	
Steps to Reproduce: 1. More>Provisioning>Compute Resources, create a new oVirt compute resource 2. Edit the existing compute resource 3. Check if the type can be changed to another (e.g. EC2)	
Actual results: Type dropdown menu is not disabled, allows changing it (perhaps with an error on save).	
Expected results: Type dropdown is greyed out and disabled.	
Additional info: The dropdown is disabled based on "f.object.uuid.present?", however not all CR types have UUIDs. It should probably be .new_record?.
