

Foreman - Feature #35465

Tracker # 32684 (Closed): Ruby 3.0 support

Update safemode to a Ruby 3 compatible version

08/31/2022 11:58 AM - Ewoud Kohl van Wijngaarden

<b>Bugzilla link:</b>		<b>Red Hat JIRA:</b>
<b>Pull request:</b>		
<b>Description</b>		
Keyword arguments handling is broken, which breaks macros such as foreman_server_ca_cert which only has keyword arguments.		
Note that in Ruby 2.7 this is already raising deprecation warnings.		
I raised <a href="https://github.com/svenfuchs/safemode/pull/44">https://github.com/svenfuchs/safemode/pull/44</a> but that needs a release first.
