Update rubygem-smart_proxy_realm_ad_plugin rpm

09/12/2022 06:23 AM - Adam Winberg

Status: New	
Priority: Normal	
Assignee:	
Category: RPMs	
Target version:	
Difficulty:	Fixed in Releases:
Triaged: No	Found in Releases: 3.9.1
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>The rubygem-smart_proxy_realm_ad_plugin rpm package is not built on the most recent code, notably it is missing the patch to allow connecting to arbitrary domain DC (https://github.com/theforeman/smart_proxy_realm_ad_plugin/commit/ca36312274673eac56695875a59159ae5d8d211d).</p> <p>It would be great if the rpm could be rebuilt with an updated source.</p>	

History

#1 - 04/02/2024 11:15 AM - Adam Winberg

- Found in Releases 3.9.1 added
- Found in Releases deleted (3.3.0)

Any hope of getting this updated?
