Bugzilla link:	Found in Releases: Katello 4.6.0
Pull request:	Red Hat JIRA:
Description	
Current version of the gem rpm included in Katello 4.6, is foreman_rh_cloud-5.0.39.	
There is an data incompatibility with that version that was recently fixed. https://github.com/theforeman/foreman_rh_cloud/issues/761	
Katello needs to update the version included in 4.6 to the current version of foreman_rh_cloud 6.0.43.	
Gem here: https://github.com/theforeman/foreman-packaging/pull/8503

- Status changed from New to Need more information

Are there any katello specific changes needed for this one? I'd move it to forman-packaging if that is the repo where changes need to be made.
