

Foreman - Bug #3567

Editing an oVirt compute resource can throw errors loading quotes while loading page

11/04/2013 10:21 AM - Dominic Cleal

Status: Closed	
Priority: Normal	
Assignee: Amos Benari	
Category: Compute resources	
Target version: 1.4.1	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>When editing an oVirt compute resource that's currently failing (e.g. bad admin password), the form won't load as it tries to get a list of quotas to display.</p>	
<pre>ActionView::Template::Error (401 Unauthorized): 9: :class => "btn + #{datacenters.empty? ? "" : "btn-success"}", 10: :'data-url' => test_connection_compute_resources_path) + image_tag('/asse ts/spinner.gif', :id => 'test_connection_indicator', :class => 'hide').html_safe }) %> 11: <% quotas = (f.object.uuid.nil? && controller.action_name != 'test_connection') ? [] : f.o bject.quotas rescue []%> 12: <%= select_f f, :ovirt_quota, quotas, :id, :name, {}, :label => _("Quota ID") %> app/helpers/layout_helper.rb:102:in `block in select_f' app/helpers/layout_helper.rb:130:in `block (2 levels) in field' app/helpers/layout_helper.rb:129:in `block in field' app/helpers/layout_helper.rb:124:in `field' app/helpers/layout_helper.rb:101:in `select_f' app/views/compute_resources/form/_ovirt.html.erb:12:in `_e7f9f939742f59e4e7d0512e1f936645' app/views/compute_resources/_form.html.erb:25:in `block in _d266af4e81ccfd6ac887a7d9ddb43142' app/helpers/layout_helper.rb:207:in `form_for' app/views/compute_resources/_form.html.erb:2:in `_d266af4e81ccfd6ac887a7d9ddb43142' app/views/compute_resources/edit.html.erb:3:in `_85d3215036b294085739cb8c859e0d6d' app/models/concerns/foreman/thread_session.rb:33:in `clear_thread'</pre>	
<p>It appears the f.object.quotas rescue [] doesn't work because the quotas are lazy-loaded, so it only fails when rendering the select box.</p>

I get a similar stack trace when trying to edit the url as my oVirt computer resource hostname changed.

```
OVRT::OvirtException
No route to host - connect(2)
app/helpers/layout_helper.rb:102:in `block in select_f'
app/helpers/layout_helper.rb:130:in `block (2 levels) in field'
```
