

Foreman - Bug #3602

Provisioning templates do not support all the documented functions

11/07/2013 03:40 PM - Jason Dillaman

Status:	Duplicate	
Priority:	Normal	
Assignee:	Jason Dillaman	
Category:	Templates	
Target version:		
Difficulty:		
Triaged:		
Bugzilla link:		
Pull request:		
Description		
For example, attempting to use '@host.interfaces' results in the following error: "There was an error rendering the Test template: undefined method 'interfaces' for Host::Managed::Jail (Host::Managed)". The documented set of supported functions is located here: http://projects.theforeman.org/projects/foreman/wiki/TemplateWriting#Functions-and-macros .
