

Foreman - Bug #36522

Audit shows N/A for host owner changes

06/20/2023 04:17 PM - Adam Ruzicka

Status:	Closed	
Priority:	Normal	
Assignee:	Adam Ruzicka	
Category:	Audit Log	
Target version:		
Difficulty:		Fixed in Releases: 3.8.0
Triaged:	Yes	Found in Releases:
Bugzilla link:	2216158	Red Hat JIRA:
Pull request:	https://github.com/foreman/foreman/pull/9743	

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=2216158

Description of problem:

When a host owner is changed, the following entry is shown in audit:

```
<user> update HOST <host> <datetime>
```

```
Name | Old | New
```

```
-----
```

```
Owner | N/A | N/A
```

How reproducible:

Deterministic

Steps to Reproduce:

1. Create a host
2. Go to All hosts -> <host> -> Edit -> Additional information
3. Change Owner, submit
4. In the host details, in the bottom right, click All audits

Actual results:

The newest entry is an owner change but without actual user values

Expected results:

The entry should show who is the original owner and who is the new owner

Associated revisions

Revision 5ef6a310 - 08/29/2023 01:43 PM - Adam Ruzicka

Fixes #36522 - Properly display changes of owner_id field in audits

This previously didn't work because the owner is a polymorphic relationship (either it is a user or a usergroup).
