Katello - Bug #3675

Engine: make sure we're consistently using strings for rule parameter keys

11/18/2013 02:06 PM - David Davis

Description

The serialized parameters attribute has been changed to a Hash on FilterRule because we couldn't get HashWithIndifferentAccess to work properly. Thus we need to make sure we're using strings as keys when setting/updating/deleting values from rule.parameters.
