Pull request:		
Description Foreman-debug can be extended for optional uploading of debug tarballs there. Thre directory should be readable by HTTP or FTP or rsync only by foreman core developers.		

History

#1 - 11/21/2013 10:22 AM - Lukas Zapletal

- Status changed from New to Assigned
- Assignee set to Lukas Zapletal
- Target version set to 1.10.0

This should be quick, taking to improve my Puppet knowledge :-)

#2 - 11/21/2013 04:09 PM - Lukas Zapletal

- Status changed from Assigned to Ready For Testing

<https://github.com/theforeman/foreman-infra/pull/80>

#3 - 11/25/2013 11:02 AM - Dominic Cleal

- Status changed from Ready For Testing to Closed
- % Done changed from 0 to 100
