

Foreman - Bug #3712

Change develop versioning to indicate upcoming release

11/21/2013 04:54 PM - Dominic Cleal

Status: Closed	
Priority: Normal	
Assignee: Dominic Cleal	
Category: Packaging	
Target version: 1.4.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>The version in develop is "1.3-develop" if 1.3 was our last release and 1.4 is the upcoming release. For the plugin registration system being added in #3510, we want to be able to say a plugin needs a minimum version of 1.4. If develop's VERSION shows 1.3-develop, this won't match - but we equally don't want to say minimum version of 1.3, as this will match 1.3-stable.</p> <p>So develop's VERSION needs to say 1.4. While doing this, the RPM version should be updated to be consistent.</p>
