

Foreman - Bug #37168

Duplicate html-id on Settings-page

02/15/2024 04:24 PM - Markus Bucher

Status:	Closed	
Priority:	Normal

Triaged:	No	Found in Releases: Nightly
Bugzilla link:		Red Hat JIRA:
Pull request:	https://github.com/foreman/foreman/pull/10049	
Description		
Settings page uses the Setting-category as HTML-id.		
When the katello-plugin is installed, katello is used as category and therefore as html-id for the Settings-tab. However, <html><head><style id=katello> is also present. So the style-element gets 'activated' instead of the Settings-Tab.
