Foreman - Bug #37224

Creating a host without a comment and then editing it and submitting without any changes creates an update audit record for the nil->" transition of comment

Revision 4c7f36ed - 03/06/2024 01:15 PM - Adam Ruzicka

Fixes #37224 - Force Hosts to have a comment

To prevent the nil >~empty string transition~ we would either have to:
check the incoming changes and discard the unwanted ones
- ignore these transitions when creating audits
- just force hosts to always have a comment

The last option felt like the least wrong one. This has an added benefit
that searching for hosts without comment becomes somewhat easier.

Revision dd5091f4 - 03/11/2024 03:16 PM - Adam Ruzicka

Refs #37224 - Force **all** Hosts to have a comment

The previous implementation of the update had two issues:
1) It only operated on ::Host::Managed
2) It silently failed if the host was invalid for any other reason

Fixes 4c7f36edf
