<b>Pull request:</b>	<a href="https://github.com/foreman/foreman/pull/10111">https://github.com/foreman/foreman/pull/10111</a>	

#### Description

Description of problem:

The customer would like to generate a report and download it multiple times.

Version-Release number of selected component (if applicable):

All versions

How reproducible:

100%

Steps to Reproduce:

1. Install fresh Satellite
2. Register some content hosts
3. Generate a report

Actual results:

You can download this report once, if you get out from this page and come back, and click to generate a new report will be created

Expected results:

A link that allows the customer to download previously generated reports
