

AzureRM - Bug #37351

Correct the foreman-maintain packages update warning

04/15/2024 07:07 AM - Ashish Humbe

Status:	Rejected	
Priority:	Normal	
Assignee:	Ashish Humbe	
Category:		
Target version:	2.2.11	
Difficulty:	trivial	Fixed in Releases:
Triaged:	No	Found in Releases:
Bugzilla link:	2022615	Red Hat JIRA:
Pull request:	https://github.com/foreman/foreman_maintain/pull/831	

Description

Currently the message we get while running 'foreman-maintain packages update' is the following.

```
-----  
WARNING: No specific packages to update were provided  
so we are going to update all available packages.  
It is recommended to update everything only as part of upgrade  
of the Satellite to the next version.  
To Upgrade to next version use 'foreman-maintain upgrade'.  
-----
```

The update from Eric in the bugzilla :

Note for solving this -- we should drop the recommendation "It is recommended to update everything only as part of upgrade of the Satellite to the next version."

History

#1 - 04/22/2024 04:34 AM - The Foreman Bot

- Pull request https://github.com/foreman/foreman_maintain/pull/831 added

#2 - 04/22/2024 11:56 AM - Eric Helms

- Status changed from New to Rejected

This is a foreman-maintain bug report, wrong project.
