

Katello - Bug #37399

Container gateway needs to send ACCEPT headers from podman to Pulp

04/30/2024 02:54 PM - Ian Ballou

Status: Ready For Testing	
Priority: Normal	
Assignee: Ian Ballou	
Category: Foreman Proxy Content	
Target version: Katello 4.13.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/Katello/smart_proxy_container_gateway/pull/38	
Description	
<p>https://github.com/pulp/pulp_container/issues/1509 causes the old datatypes to no longer be stored, so we need to start sending ACCEPT headers from podman.</p> <p>The headers look like:</p> <pre>'Accept: application/vnd.docker.distribution.manifest.list.v2+json,application/vnd.docker.distribution.manifest.v2+json,application/vnd.oci.image.manifest.v1+json,application/vnd.oci.image.index.v1+json'</pre> <p>curl example to Pulp:</p> <pre>curl -L --cert foreman-client.crt --key foreman-client.key 'https://smart-proxy.com/pulpcore_registry/v2/prometheus_busybox/manifests/latest' --header 'Accept: application/vnd.docker.distribution.manifest.list.v2+json,application/vnd.docker.distribution.manifest.v2+json,application/vnd.oci.image.manifest.v1+json,application/vnd.oci.image.index.v1+json'</pre>	

History

#1 - 04/30/2024 03:01 PM - Ian Ballou

Also need to see why podman receives HTML instead of MANIFEST_UNKNOWN:

```
Statuscode: 404, "<!DOCTYPE HTML PUBLIC "-//IETF//DTD HTML 2.0//EN">..."
```

#2 - 04/30/2024 07:51 PM - The Foreman Bot

- Status changed from New to Ready For Testing

- Assignee set to Ian Ballou

- Pull request https://github.com/Katello/smart_proxy_container_gateway/pull/38 added

#3 - 04/30/2024 08:19 PM - Ian Ballou

- Category set to Foreman Proxy Content

- Target version set to Katello 4.13.0

#4 - 05/01/2024 05:36 PM - Quinn James

- Triaged changed from No to Yes
