

Katello - Bug #37401

--content-view-filter-id only works for ID-type filters

05/01/2024 05:45 PM - Quinn James

Triaged: Yes	Found in Releases:
Bugzilla link: 1785146	Red Hat JIRA:
Pull request:	
Description --content-view-filter-id filtering does not work for date filters, only ID filters. We should add somewhere in the docs that the --content-view-filter-id flag only works for ID-type filters. The goal is to update the in-product docs (API, Hammer CLI help text) with this information. This is a paired with #37394 . This card is for the necessary hammer changes.

Based on <https://github.com/Katello/katello/pull/10985#issuecomment-2095959263>, it looks like <https://projects.theforeman.org/issues/37394> resulted in updating the Hammer description changes as well.
