Triaged:	Yes	**Found in Releases:**	
Bugzilla link:		**Red Hat JIRA:**	
Pull request:	https://github.com/Katello/hammer-cli-katello/pull/935		

Description

Like we already have hammer content-view version verify-checksum which uses /content_view_versions/:id/verify_checksum for CV versions,

we should have some similar option for repository and/or product which would use /repositories/:id/verify_checksum and/or /products/bulk/verify_checksum.
