| <b>Description</b>  |                           |
| To use the assert_select test feature the generated output must be XHTML compliant. |                           |

#### History

##### #1 - 09/15/2010 04:14 PM - Paul Kelly

- Branch set to [bug/377-XHTML-compliance](#)

Fixed dozens of tiny issues and found a few real snarfs.

Ran some of the key output pages through the W3 Validator engine and fixed the errors. Some pages like the host edit page are very hard to fix, with all that active javascript embedded so this is not a completed task, (and may never be.)

##### #2 - 09/16/2010 01:07 PM - Paul Kelly

- Status changed from New to Ready For Testing

##### #3 - 09/19/2010 03:13 PM - Ohad Levy

i've committed this change (afaiu) via the branch for [#239](#).. is there anything else that needs to be done?

##### #4 - 09/19/2010 04:47 PM - Paul Kelly

This patch was added onto the [#239](#) branch so I guess that it is done. :-)

##### #5 - 09/20/2010 10:36 AM - Paul Kelly

- Status changed from Ready For Testing to Closed

This was included in the [#239](#) branch so is already in develop

##### #6 - 09/20/2010 12:17 PM - Ohad Levy

- Target version set to 0.1-6
