

## Foreman - Feature #3808

As a user I'd like to see what a `scoped_search` string that use ids means

12/04/2013 12:48 PM - Marek Hulán

<b>Status:</b> Duplicate

<b>Pull request:</b>	
<b>Description</b> Improve <code>scoped_search</code> strings to be human readable somehow, there were suggestion like richer scoped search syntax to specify inline comments or doing some form of live preview. Also basic mode where user would use prebuilt form could help.
